FOREWORD

Guru Nanak Dev University has always attempted to become an establishment of distinction in academics, research, sports, and cultural activities. It maintains persistent fervour to expand and distribute the best amenities to its learners. For its determined efforts in this direction, the university has been conferred with the status of "University with Potential for Excellence" by UGC and accredited with "A++" grade by NAAC. It has also been granted "Category One" status, and GNDU is the only university to earn this elite status in the region of Punjab and Chandigarh. The present Annual Quality Assurance Report (AQAR) unveils the collation of planned expansion and improvement of the university in diverse fields during the year 2021-22. The report is an evidence of all the significant accomplishments that Guru Nanak Dev University has made in this session.

All the endeavours, developments, researches and achievements of the last year reveal growth of the institution driven by merit in research, community partnerships, and academic successes. Guru Nanak Dev University engages its students in numerous cultural, athletic and extracurricular activities in addition to teaching and study. The efficient efforts to build upon its resources and make online learning well-organized and effective for students have resulted in a significant rise in admissions over the last four years, despite the overall decrease in admissions in the state.

Guru Nanak Dev University has also become renowned for its labours to reduce the carbon footprint and maintain cleanliness by being ranked 2nd amongst the cleanest higher educational institutions in the country in the category of Government Universities by the Ministry of Human Resource Development, Govt. of India. As a High Performing State Public University, Guru Nanak Dev University has improved its ranking from 80th in 2017 to 44th in 2022 among all Central, Public and Private Universities in the country according to NIRF, MHRD, Government of India. The university has been placed at 14th position among all Public Universities in the country in the survey of India Today Ranking-2022.

Guru Nanak Dev University is committed to excellence in knowledge exchange and innovations ensuring that the research and teaching should benefit society on local, regional, national and global scales. The university has received substantial funding to establish Centre for Interfaith Studies and MYAS-GNDU Centre for Sports Sciences. The Government of India has allotted 4 Centres of Excellence in Sports (Athletics, Fencing, Cycling & Swimming) to GNDU. The university has also established three Centres under RUSA 2.0 and 4.0 Components: Centre for Agriculture Research and Innovation, Centre for Sustainable Habitat and Centre for Basic and Translational Research in Health Sciences. By publishing in widely acclaimed peer-reviewed journals as well as earning numerous grants, and national and foreign fellowships; the faculty of the university has built a niche for itself in their respective research areas and the H-index has also increased to 140 at present. For a record of 24 times, GNDU has also won the highest sports award in the country: The Maulana Abul Kalam Azad Trophy.

Guru Nanak Dev University has considerably expanded its national footprint. The present report records the colossal passion, resolve, diligence, and the immense concern of the institution and its members, who are making the best use of the renovating power of education. It displays the incredible progression in the last year as the university has advanced and also modified itself to the fluctuating needs of the world. Guru Nanak Dev University has judicious mission to guarantee that the vision of all those who become a part of this institution is achieved.
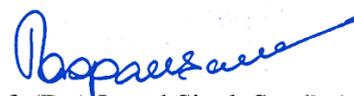

(Prof. (Dr.) Jaspal Singh Sandhu)
Vice-Chancellor

PREFACE

The Office of Internal Quality Assurance Cell of Guru Nanak Dev University, Amritsar (IQAC) has compiled the information on academic, administrative and financial activities and achievements of its University for Annual Quality Assurance Report: 2021-22 (AQAR) for the onward submission to National Assessment and Accreditation Council (NAAC). The report aims at highlighting the vision, mission and activities of the University towards attaining excellence.

The AQAR for the year 2021-22 highlights the accomplishments of the University in education, research as well as co-curricular activities. The University has improved its NIRF rank from 55 in 2019 to 44 in 2022 in the "University Category" at the All India Level according to the "India Rankings 2022" by National Institutional Ranking Framework (NIRF), Ministry of Human Resource Development, Government of India, New Delhi. The Centre for World University Ranking, 2021 has ranked 52 in the University Category among the Universities of the world. In INDIA TODAY -MDRA Survey, it has improved its rank from 17th to 14th rank in the 'India's Best General Government University Category'.The World University Rankings for Innovation (The WURI) assesses higher education institutions' real contributions to industry and society, highlighting innovative education, research, and engagement to society, In 2022 the university has been ranked 51-100 among the World's Universities with Real Impact in Ethical Value and ranked 101-200 among the World's Universities with Real Impact. The University has not only excelled in teaching and learning but has also come up with high quality research publications in peer reviewed journals. Its institutional H-index has scaled high to 140 at present. For the same, the University has received higher research grants from various agencies as well. An excellent placement record of the University over the years indicates effectiveness of the teaching-learning process followed in the University under the visionary and dynamic leadership of esteemed Vice-Chancellor and sincere efforts of the faculty, staff and students of the University. The University tops as a model higher education institution for its digital, green and clean campus initiatives. Ministry of Higher Education, Government of India has identified it as the second cleanest campus among the Multi-disciplinary Government Universities across India under its Swachh Campus Ranking.

I would like to extend my sincere thanks to the worthy Vice-Chancellor, Prof. Jaspal Singh Sandhu, for extending his guidance and support to IQAC to carry out various activities in the interest of the University. I am grateful to the Dean Academic Affairs, Prof. Hardeep Singh, and the Registrar, Prof. Karanjeet Singh Kahlon, for their contributions in compiling the present AQAR. The efforts made by the IQAC Advisory Committee members in completing this report are duly acknowledged. IQAC remains indebted to the Heads of Departments and the faculty of the University for furnishing the required information for the present AQAR. Sincere efforts of the IQAC team and staff are deeply acknowledged as well.

(Prof. Ashwani Luthra)
Director, IQAC

16. Multidisciplinary/interdisciplinary

One of the major proposals in the New Education Policy (NEP 2020) is the creation of Multidisciplinary Universities (MDUs). MDU is understood to employ multiple disciplines such as arts, sciences, commerce, law, architecture, engineering, planning and medicine for study within the University. The underlying philosophy of promoting MDUs is creditable as students are free to choose courses from different disciplines which not only give them diversified exposure but also helps them to imbibe critical thinking skills and knowledge. GNDU has always striven to meet the ever-changing needs of society with updated courses and curricula. It has carved a niche for itself in the field of higher education in the country. The focus of the University is to produce student capital that can stand out professionally and appeal to the employers with their rich perspective of a combination of subject areas and flexible career choices. The University is already working on "a holistic and multidisciplinary education system that aims to develop all capacities of human beings: intellectual, aesthetic, social, physical, emotional, and

moral in an integrated manner" as stated in NEP-2020. Forty-four departments run a variety of programmes in disciplines like sciences, life sciences, arts and humanities, architecture and planning, Indian and foreign languages, engineering and technology, education, physical education, law, agriculture, and mass communication, etc. New departments such as Agriculture, Mass Communication, Tourism and Hotel Management and Computational Statistics & Data Analytics have been established and functioning after the announcement of NEP-2020. GNDU has a well-established culture of interdisciplinary teaching and research. The establishment of departments such as School of Social Sciences, School of Education, Mass Communication, Agriculture, Sports Sciences, Pharmaceutical Sciences, Biotechnology, Microbiology, Molecular Biology and Biochemistry, Planning, Architecture, Computational Statistics & Data Analytics depict the sensitivity of the University towards interdisciplinary academics. Similarly, the establishment of Centre of Agriculture and Innovation, Centre for Sustainable Habitat, and Centre for Basic and Translational Research in Health Sciences under component 4.0 of RUSA 2.0 and award of 43 projects speak loud about the concern of the University for interdisciplinary research. Furthermore, the University has decided in Academic Council to implement multiple entry and exit points to bring flexibility by removing rigid boundaries and thereby promoting lifelong learning in the faculty of sciences. Department of Education has already launched BSc Hons course in Early Childhood Education and Care with multi-entry and exit points from 2022-2023 session. One mega project of developing a Center of Interfaith Studies is truly an impressive initiative to span across diverse religions and stitch together a unified fabric demonstrating the nations rich socio-multi cultural religious heritage. The University leadership has a well-developed vision, energy and resources to take the agenda of effective implementation of NEP2020 through multidisciplinary and interdisciplinaryteaching and research.

17. Academic bank of credits (ABC):

One of the provisions of the National Education Policy 2020 (NEP2020) is the introduction of the Academic Bank of Credits (ABC). ABC will allow students of undergraduate and postgraduate degree courses to exit the course and enter within a stipulated period thus enabling student mobility and academic flexibility. In this context, the University is well prepared as it has registered on the DigiLocker platform for National Academic Depository (NAD) depository and has signed an MoU with NSDL and accordingly the data regarding students' academic records has been uploaded on the designated website. Academic records under Degree Certificates have also been uploaded and duly published. The University is fully committed to implementing the Academic Bank of Credits and has also constituted a technical team for the same and is now working on the inter- institutional mechanisms for the transfer of credits earned by the students.

18. Skill development:

The NEP 2020, with its focus on skill development, is envisaged to hold the key to restructuring the educational ecosystem towards employability of future generations. Guru Nanak Dev University understands its responsibility as an educational institution for generating highly skilled youth for the benefit of the industries and society at large. A large number of courses have been introduced recently which have a greater potential for employability and entrepreneurship. For instance, the Department of Life Long Learning is running 12 diploma and 36 short courses related to computer applications, cosmetology, fashion design and other skills. To coordinate and promote innovation-driven activities and the commercialization of advanced technologies, Centre for Entrepreneurship & Innovation has been established in the University. The responsibility of this Centre is to create an innovation- driven academic and research ecosystem leading to an entrepreneurship-oriented society where job seekers will become job creators. The mandate and activities of the Centre reflect on the preparedness of the University for generating skillful youth. The major mandates of the Centre are: a) Generation and nurturing of knowledge in the field of engineering & technology, sciences, life sciences, economics and business, sports medicine & physiotherapy, arts, and social sciences, etc. b) To actively pursue academic engagements with national and international universities/institutions of eminence for imparting quality education, offering dual/joint degrees, promoting interdisciplinary research, and training students and faculty members in different disciplines. c) To develop a strong partnership with industry and other organizations at the national and global level for cross-fertilization of ideas, enhancement of entrepreneurial skills, and fostering career development among youths. d) To prioritize identification of core competence and converting available knowledge to innovative practices to build an ecosystem of outstanding innovation, entrepreneurship, and career development. e) To promote stronger entrepreneurship through consultancy and sponsored projects and to take leverage of these experiences for the commercialization of concepts and technologies. f) To facilitate innovation-driven activities and research to promote start-ups, branding, and economic gain.

19. Appropriate integration of Indian knowledge system (teaching in Indian language, culture using online course)

The NEP seeks to instill in students a rootedness and pride in India, and in its "rich, diverse, ancient and modern culture and knowledge systems and traditions". It thereby seeks to develop knowledge, skills, values, and dispositions that support commitment to human rights, sustainable development and living, and global well-being. The University has established language departments running a number of programmes in Punjabi, Hindi, Urdu, and Sanskrit. In addition, a number of language related subjects are introduced in inter-disciplinary learning to encourage students from other faculties to

appropriately integrate the Indian knowledge system through these courses. With this intent, Punjabi and Punjab History and Culture have been introduced as compulsory courses to be undertaken by the students in Undergraduate programmes. The student can also opt for the courses from Hindi, Sanskrit, and Urdu departments as interdisciplinary/value-added courses for their programmes. Such integration exposes students across diverse cultures and states of India to learn another language besides acquiring and experiencing cultural diversity and its richness. In one of the first, the University has introduced an online Punjabi language course for the Punjabi diaspora. The Centre of InterFaith Studies to be established in the University shall specifically cater to the study of Indian and world religions and languages and thereby achieve the objective of integration that the NEP 2020 has entailed.

20.Focus on Outcome based education (OBE): Focus on Outcome based education (OBE):

The NEP 2020 brings to the center-stage an outcome based model of education that rejects the traditional focus on what the school provides to students, in favor of making students demonstrate that they "know and are able to do". Therefore, it is the need of the hour to move from traditional to results-based education that overcomes the necessity of contemporary times and futuristic needs. Guru Nanak Dev University has been continuously engaged in knowledge generation and dissemination for more than fifty years. The University is at the forefront in realizing the importance of outcome-based education and implementing it in true spirit. Enhancing skills among students to address contemporary challenges of society has been the main focus of the University in the recent past. To execute such a plan, the University has introduced programmes/courses with higher potential of employability and adapted best practices of top global educational institutions. In this regard, each of the University departments have listed their programme and course-based outcomes and graduate attributes on their webpages. Every departmental Board of Studies has at least one member from industry/academia to contribute to fine tuning the learning outcomes and designing curricula accordingly. The Incubation Center established by the University is also a landmark step in this direction. It provides a platform for students to find solutions to societal problems through new ideas and innovative thinking and experimentation. Further, the Center emphasizes on identification of the available knowledge and managing it successfully for creating an environment for fostering ideas and innovation. Aligning with the NEP 2020, the Center strongly emphasizes skill enhancement among youth through the introduction of such programmes/courses that improve employability. The activities of the Center will greatly benefit the University as well as the society and is expected to lead to positive multiplier effects in skill enhancement and job creation.

21.Distance education/online education:

One of the key targets of NEP 2020 is to raise Gross Enrolment Ratio (GER) to 50% by 2035 and toachieve this it brings to fore a paradigm shift in distance/online modes of education through creation of public digital and inter-operable infrastructure that can be utilized by multiple platforms and enable flexible teaching-learning mechanisms to develop. Guru Nanak Dev University, Amritsar has established the Directorate of Open and Distance Learning (ODL) with an objective "to provide quality education for all." New programmes under ODL mode have been introduced which currently include Diploma in Computer Applications (DCA), B. Com., B.C.A., B. Lib., PG Diploma in Applied Nutrition (PGDAN), PG Diploma in Computer Applications (PGDCA), PG Diploma in Sports Psychology (PGDSP), M.B.A., M.C.A., M. Com., M.A. (English), M.A. (Punjabi). Amongst these, the technological and skill-based courses like MBA, M.Com., BCA and MCA will fulfill the needs of the students in rural and remote areas of the state and other parts of the country as well. Documents, transcripts, live discussions, and training materials are all archived and recorded so that they can be retrieved via mail, e-mail for reading, downloading, and printing. GNDU is running 9 degree courses in fully online mode. In addition to this, there has been a consistent demand from Punjabi Diaspora, living in USA, UK, Canada, and many parts of Europe, and Africa, to provide basic and higher education of Punjabi Language. To cater to this demand of the Punjabi Diaspora, manner, it is the first University in India to offer Online Punjabi courses, at Bachelor, and Master's level.

CURRICULAR ASPECTS

1.1 - Curriculum Design and Development

1.1.1 - Curricula developed and implemented have relevance to the local, national, regional and global developmental needs which is reflected in Programme outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) of the Programmes offered by the University

The curricula designing exercise at the University is a dynamic process crafted using extensive feedback, research, and consideration of needs at local, regional, national and global levels. The twin objectives of quality knowledge production and critical thinking have been defining student-centric curriculum. The University has served as a beacon of quality education across all disciplines to maintain the necessary essence of continued relevance.

After the implementation of NEP-2020, the University leadership has taken cognizance of its provisions and accordingly programme and course outcomes have been scrupulously defined and incorporated. The programme outcomes, programme specific, and course outcomes are explicitly grounded in discipline specific requirements and achievable through targeted teaching-learning processes. The inputs for the curriculum so developed are sieved from pedagogy and specific discipline research. It also involves incorporating elaborate faculty and student feedback, alumni experiences, academic experts from other institutions, industry, and intelligentsia. Further, every academic year, the Board of Studies of each Faculty deliberates upon the curricula which are further stringently reexamined and approved by the University's Academic Council. The curriculum is designed to incorporate 70% of its content as per curricula guidelines of various accreditation councils/UGC/AICTE while 30% of the content is sensitive to local/global needs.

1.3 - Curriculum Enrichment

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

A value-based approach underlies the curriculum design at the University so that its graduates emerge as worthy professionals and righteous human beings in work environment. With this intent, the University has attempted to ingrain all those knowledge components into the academic curriculum that nurture personal and community advancement. The relevance of gender mainstreaming for national development cannot be understated and the University has been overly sensitive in this regard. Several core and interdisciplinary courses across the taught disciplines are targeting gender issues and their mainstreaming approaches thereby ensuring that gender sensitivity and its inclusion at all levels of development are consciously incorporated. The University's focus on environment and sustainability matters stems from the belief that "without environmental sustainability, economic stability and social cohesion cannot be achieved." As such, immense emphasis has been placed on running academic programmes and interdisciplinary courses in environment and sustainability covering all important aspects of environmental challenges. With the University's core principles drawn from the teachings of Guru Nanak and respect for human values; a compulsory course at both graduate and post-graduate level, has been incorporated into the curriculum design. Besides a number of disciplines have included course content on human values and rights.

2.2 - Catering to Student Diversity

2.2.1 – The institution assesses the learning levels of the students and organizes special programmes for advanced learners and slow learners

Using the pedagogical concept of 'No Student Left Behind', the University's entire educational architecture heterogenizes student needs and individual capabilities while focusing on the larger objective of academic enrichment and inducing value-based learning amongst its students. A wide range of continuous assessment methodologies as a part of the CBCEGS enable faculty members to identify advanced as well as slow learners. These methodologies combine class interactions with daily discussions, tutorials, periodic assignments, seminars, group discussions, quizzes, mid-semester tests, practical performances, viva-voce examinations, supervised internships, research-based projects and proctorial meetings. The advanced learners are allowed to augment their learning potential by providing research opportunities both nationally and internationally, motivating students to apply for several prestigious national and international fellowships, providing them assistance to compete in various competitive examinations (through AISCCE), encouraging them to participate in summer and winter school programmes and providing scholarships and financial aid to help meritorious students. They are also provided resources available either online or offline to further augment their learning levels. For slow learners, supplementary and remedial classes are organized by respective departments based on the student's needs. The buddy system is encouraged and simplified notes and e-content are also disseminated by faculty.

2.2.2 – Student – Full time teacher ratio during the year 2021-22

Number of Students	Number of Teachers

2.3 – Teaching - Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences

The University lays immense emphasis on the adoption of studentcentric teaching methodologies in all disciplines. These include:

Experiential Learning

The "Learning by Doing" method constitutes the core of experiential learning and is ingrained into the teaching processes across all disciplines. The classroom-based theoretical teaching prepares the ground for accumulation, critical analysis, and synthesis of formal learning of concepts, facts, and other information constituting knowledge. The practical components are introduced by laboratory-based experiments, design studios, reconnaissance, advanced surveys, etc. which allow for the application of knowledge to a "real world" setting.

Participative Learning

It is also ensured that learners are involved as actively in the learning process. Applying cooperative learning strategies like "think-pair-share" and role plays, the students work on a specific problem individually and then discuss their approach with a student partner. In this manner the entire class is involved in the discussion, presenting their work to co-students and brainstorming to achieve better outcomes.

Problem Solving Methodologies

The University also trains its students to be spontaneous decision-makers and problem solvers using case study methods, critical pedagogy, reflective pedagogy, problem solving through scientific methods, and action research. Project method and flip learning strategies are used for developing High Order Thinking Skills(HOTS).

2.3.2 - Teachers use ICT enabled tools including online resources for effective teaching and learning processes during the year 2021-22

The University encourages the extensive use of different ICT-enabled tools including online resources for effective teaching and dissemination of knowledge. Use of Google Classroom for online lectures by faculty where students are provided with notes, video links, and reference materials on Google Classroom.

Access to e-Journals and e-books from a wide range of databases such as Scopus, Web of Science, Elsevier, Science Direct, etc., is provided to faculty and students.

ICT based classroom presentations and use of online resources for preparing and delivering lectures. Multi-media Conferencing Facilities ranging from a large auditorium, to medium and small-size multi-media conference halls and rooms that are equipped with the latest ICT infrastructure are available to enable teachers to hold national/international interactive sessions with experts and to deliver guest lectures.

Preparation and dissemination of video lectures by teachers for the students as a part of the creation of reference banks comprising of hard and soft reading materials and video-based information. Conduction of regular workshops and short courses for teachers to augment and sharpen their ICT usage skills.

2.5.3 - IT integration and reforms in the examination procedures and processes (continuous internal assessment and end-semester assessment) have brought in considerable improvement in examination management system of the institution

The University has been carrying out systematic e-reforms through anemphasis on IT integration in all the procedures/practices of the evaluationand examination system.

University Entrance Examinations for admission to various disciplines hasbecome a seamless process post introduction of computer-based checking ofMCQs promoting complete accuracy and compilation of merit lists within amatter of few hours.

Continuous Internal Assessment through research assignments, seminars,quizzes, is being done at the University. Moreover, the preparation ofquestion papers, evaluation, and preparing results using IT tools and itsonline communication to the students, is an integral part of the continuousinternal assessment system.

End Semester Examination: The special in-house software tailored to theexamination requirements enables the handling of complex data, computing,and interpreting the same to achieve precision and accuracy of results. Incases where the exam has been conducted online, the Question Paper DeliverySystem delivers just about 15 minutes in advance of the exam helps inpreventing paper leaks and copying.

Online filling of Examination/Revaluation Forms: Online filling ofexamination /revaluation forms and self-generation of receipts and self rollnumber downloading facility is highly student-centric, saving time to boththe students and the University.

2.6 – Student Performance and Learning Outcomes

2.6.1- The institution has stated learning outcomes (generic and programme specific)/graduate attributes which are integrated into the assessment process and widely publicized through the website and other documents

Critical pedagogy demands clearly spelled out programme and course outcomes to enable students to decipher academic deliverables and match their expectations with the same. In sync with this objective of student-centric teaching and the emphasis of NEP-2020 on outcome-based curriculum design, the University has detailed out learning outcomes of all its academic programmes and courses. The programme, as well as course outcomes, ensure that the students are imparted both theoretical knowledge and practical skills with the intent of achieving higher professional proficiency. The programme and course outcomes determine the design and periodic improvisation of the curriculum whereby clearly spelled outcomes align the contents as well as teaching-learning practices to meet the tripartite objectives of student expectations, targeted delivery of academic products, and meeting the demands of potential employers. Continuous evaluation through research assignments, seminars, quizzes, case study appraisals, etc. allow the achievement of specific discipline-oriented learning outcomes. The generic and programme outcomes are published in the University Prospectus and are also incorporated in hard and soft formats along with course outcomes in the curriculum copies of the disciplines available for reference and can be downloaded from the University's website.

2.6.2 - Attainment of Programme outcomes, Programme specific outcomes and course outcomes are evaluated by the institution during the year 2021-22

A comprehensive framework for evaluation of the satisfactory attainment of course and program outcomes at all levels is the sine qua non towards achieving the goal of quality education outreach. These are subjected to stringent annual examinations by the Departmental Board of Control and Board of Studies comprising of faculty members and experts from other institutions. The teaching methodologies designed and applied by the teachers are responsive to the specific course outcomes and are continuously evaluated through class assignments, student performance in practical components like laboratory tasks or design studios, research-oriented assignments, mid-semester tests and end of semester examinations etc. At the Post Graduate and Undergraduate levels, the attainment of program outcomes is measured both through students' progression to higher studies, in premier higher educational institutions in India and abroad as well as through the number of students gainfully employed in public, private sectors and non-government organizations.

Simultaneously, the feedback from the principal stakeholders is a meticulous exercise where the course outcomes and actual attainment is constantly put under rigid scrutiny leading to revisions in syllabi and refining outcomes as necessary. Besides the University's Internal Quality Assurance Cell (IQAC) plays a significant role in evaluating the collected feedback.

RESEARCH, INNOVATIONS AND EXTENSION

3.1 - Promotion of Research and Facilities

3.1.1 - The institution Research facilities are frequently updated and there is well defined policy for promotion of research which is uploaded on the institutional website and implemented

The University houses a specialized research facility known as Central Instrumentation Facility. This facility promotes interdisciplinary research among various faculties in the university as well as with other academic research institutes and/or industries in and around the Punjab region. Several state-of-the-art sophisticated instruments are installed in the block like Spectrophotometer, Scanning Electron Microscope, Confocal Microscope, High-resolution Mass Spectrometer (LC-MS), Raman Microscope, and Transmission Electron Microscope, etc. The details of which are uploaded on the institutional website.

Apart from the central facility, excellent research facilities in the laboratories of various departments are available which are also frequently upgraded through grants like PURSE, CPEPA, RUSA, etc. The MYAS GNDU Department of Sports Sciences and Medicine boasts of state-of-the-art labs which facilitate training of the athletes based on research. The University has also registered on the I-STEM portal which can help faculty to locate specific instrumentation facilities for their research work. The University also has a digital lounge of 100 computers in Central Library for accessing e-resources which are freely available/ subscribed by the University. The University also has a well-defined policy for the promotion of research which is implemented and uploaded on the institutional website.

3.3 - Innovation Ecosystem

3.3.1 - Institution has created an eco-system for innovations including Incubation centre and other initiatives for creation and transfer of knowledge

The University has created a conducive and vibrant ecosystem for innovation and knowledge transfer by juxta positioning enquiry with appropriate technologies. Golden Jubilee Centre for Entrepreneurship and Innovation is established under component 4 of RUSA 2.0. The foremost focus of the Incubation centre is to foster entrepreneurship and innovation by forging strong partnerships with industry and other organizations at national and international levels. The centre has developed three skill labs to conduct internships and training in the field of new-age technologies. Many innovative projects have been granted seed money for proof of concept/ prototype development. The centre has been actively engaged with members of various industries and entrepreneurs of Amritsar by way of frequent interactions with representatives of the Confederation of Indian Industry (CII).

In addition, Centre for Sustainable Habitat, Centre for Agricultural Research and Centre for Basic and Translation Research in Health Sciences have also been established to conduct interdisciplinary teaching, innovative research and training in diverse areas of sustainability, agriculture, environment and health sciences to establish economically sustainable models for the society. Various interdisciplinary research projects have been awarded to the faculty of the University under these centres.

The University has built a strong network of extension and outreach activities involving local communities and resources towards societal betterment and positive erudition. The GNDU NSS Department has been active in the University and its affiliated colleges since its inception. The NSS volunteer students regularly organize camps for Blood Donation, Eye Checkup, Preventive Medicare, etc. for the local community as well as towns and villages in the Amritsar District. They also actively participate in the fight against Polio and AIDS. The student volunteers played a special role during the COVID-19 Pandemic by helping the University to convert its hostels into special COVID treatment wards and quarantine centres. In addition, the NCC unit organizes Republic Day parade, Independence Day Drill, Basic leadership and Army attachment camps, road safety awareness, health awareness, and supportive activities, Swachhta Abhiyan, National equality awareness, and several other extension activities on regular basis in urban and rural areas of Amritsar district. The University has eleven student clubs which also conduct societal outreach at various levels. These clubs have taken an onerous task of creating environmental awareness amongst the city residents. In addition, the University Health Centre regularly organizes special talks, awareness programmes, and conducted vaccination drive during COVID-19.

INFRASTRUCTURE AND LEARNING RESOURCES	
4.1 – Physical Facilities	
4.1.1 - The institution has adequate facilities for teaching - learning. viz., classrooms, laboratories, computing equipment, etc.	
Core Infrastructure:	

1. Classrooms and Lecture Halls: The University has digitally-enabled classrooms, and Lecture Halls with a sufficient seating capacity.

2. Laboratories and Design Studios: The departments have state of the art laboratories, workshops, and studios to support practical learning. Besides this, the Departments of Sports Science and Medicine has a full-fledged OPD with world-class infrastructure.

3. Computer Centre and Equipment: Each of the Departmental Computer Labs is well equipped with hardware, software and high-speed internet connectivity. The Centre for IT solutions is responsible for the management, maintenance, and upgrading of the digital infrastructure.

Support Infrastructure:

1. Central and Departmental Libraries: The University has fully automated central library with a digital lounge, RFID, Seminar Hall and is well stacked with 5.29 lakhs books with access to various e-resources. Besides, 22 departments have their own Library too.

2. Student Restrooms & Refreshment Facilities: Clean and well-maintained restrooms, RO water filters and water coolers, student canteens, cafeterias and refreshment booths at multiple locations across the University are available.

3. Conference Facilities and Convention Centers: Ultra-modern centralized conference halls, amphitheaters, committee rooms, exhibition halls, five auditoriums and a recording studio are available.

4.1.2 - The institution has adequate facilities for cultural activities, yoga, games (indoor, outdoor) and sports. (gymnasium, yoga centre, auditorium, etc.)

The University has created infrastructures that can unleash students' talents and also provide them immense opportunities to perfect their skills. Cultural Activities: The University has five auditoriums and two amphitheaters having varying seating capacity. A new auditorium (951.8 m2) is under construction. These facilities are fully equipped with light and sound systems, seating and stage facilities for the audience and performers. The open amphitheaters are regularly used by students for leisure and recreation activities.

Indoor and Outdoor Sports Infrastructure: The University has created world-class sporting facilities. A well-equipped indoor Gymnasium, an indoor Gym and four outdoor gyms are optimally utilized by the students and campus residents. The Student Centre has all the provisions for indoor games. The University also has an Astro-Turf Hockey Stadium, Velodrome, Swimming Pool, Shooting Range, Archery Range, Cricket Ground, Basketball, Volleyball and Handball Court, Kho-Kho, Football ground, Kabbadi ground, Field and Athletic Track. A Sports Hostel for the stay of sportspersons is available. Having won the prestigious MAKA Trophy twenty-three times for excellence in sports along with the availability of world-class infrastructure has led to the University being awarded with four specialized sports academies and a sports hostel under the Central Government's Khelo-India Programme.

4.1.3 - Availability of general campus facilities and overall ambience

Enthralling Ambience: The Campus has more than 50,000 trees, shrubs, flowery bushes, grass carpeted grounds, open spaces and home to at least 500 species of birds. The University's Botanical Garden, spread over ten hectares of land, houses a lily pool, an aquatic pond, a fern house, an herbal garden, and an open air amphitheater. The University buildings, dominantly in subtle exposed red brick stand out as well as merge with the greens, both complimenting the other in this visage of elegance, simplicity, and yet profound harmony.

Pedestrian-friendly Campus: The University has well-designed walkways and low vehicular density owing to establishment of parking zones at the gates. Various academic blocks are connected with tiled footpaths interspersed with shady trees and sitting benches. Ten e-buses run within the campus free of cost.

Digital Screens and Student Walls: Pole-mounted digital screens at strategic points in the campus provide crucial information to the students and visitors related to various current and futuristic university activities and endeavors. Student Activity Walls are placed at various locations on the campus to enable them to highlight their activities, events, opinions, and other matters of interest. A 24/7 CCTV network provides round-the- clock security support on the campus.

4.2 - Library as a Learning Resource

4.2.1 - Library is automated using Integrated Library Management System (ILMS) and has digitization facility

1. Besides a digital lounge, a fully integrated MIS (KOHA) has been implemented in the library with complete RFID Integration, which automates data collection and vastly reduces human effort and error.

2. OPAC Kiosks are available for searching the books on every floor through KOHA and users can locate the books easily as the floor number rack number is already given in the system.

3. All users (PATRONS) can track their library account on the KOHA system.

4. Users can also hold the book which is already issued and intimation will be sent to the user once it is available for issuance.

5. All the books in the library are tagged with RFID tags and thus any kind of theft is also being prevented with the installation of RFID Security Gates.

Library has digitized 1511 manuscripts and 1656 Rare Books. The library has digitized 1324 theses in the Thesis, Dissertations, and Punjabi Reference Library Section. 1939 theses have been uploaded on Shodhganga. Further, the library is a member of INFLIBNET's Consortium for Higher Education Electronic Resources, which is providing access to 7232+ e-journals and some databases. About 2300 online journals and 8678 e-books are also subscribed by the library.

4.3.2 - Institution has an IT policy, makes appropriate budgetary provision and updates its IT facilities including Wi-Fi facility

For offering high end IT resources to the students and staff, in a lawful and ethical way, the university has its own IT policy. The term 'IT Resources' includes all university owned, licensed, or hardware and software, and use of the university network through wired, wireless or hotspots, regardless of the ownership of the computers or device connected to the network. Different web pages on the website relate to the University's mission and are being maintained and updated periodically. The personal data of the employees and students is password protected and hence cannot be accessed by the general public. An authorized user (employee/student) can access only those IT resources for which he/she has authorization. The public content featured on the University website may be reproduced free of charge with the approval of the competent authority with due acknowledgement. The Network Policy is implemented in order to facilitate glitch-free network access at the gateway level. This reduces the likelihood of external intrusions in the network, with a minimum chance of transmission of risk in different segments of the network. The policy helps users to follow network ethics and maximize the efficient use of network resources.

5.3.2 - Presence of Student Council and its activities for institutional development and student welfare

The presence of a student friendly governance architecture represented by a student's council and, departmental student and class representatives ensures their participation in all aspects of institutional development and their welfare, bringing in transparency, inclusiveness and active engagement in the University affairs. The Class Representatives (CRs) for each class in different academic programs are nominated by the concerned department. Along with the CRs, one Department Representative (DR) is nominated by each teaching department. This is done on the basis of academic performance, participation in sports and cultural activities, conduct in the institution and seniority. The nominated DR is considered as the representative of the University Electoral College to elect the Student Union body. A committee comprising Dean Students' Welfare and three Senior Professors oversees the electoral process to choose the eleven-member Student Union body. The office bearers are: President, Vice-President, Secretary, Joint Secretary, Treasurer, and six executive members. Student related activities on the campus in the spheres of academics, cultural, sports and youth welfare have equal participation of student representatives. An active Student Grievance Cell ensures that complaint or grievance of the student community is suitably and timely addressed to their satisfaction.

5.4 - Alumni Engagement

5.4.1 - The Alumni Association/Chapters (registered and functional) contributes significantly to the development of the institution through financial and other support services during the year 2021-22

The Alumni Association Guru Nanak Dev University (AAGNDU) was established in2007 with the primary objective of bringing together old students of the university, promoting the brand of the university, providing a common platform worldwide and strengthening bonds between the university and alumni. An interactive website of AAGNDU was launched in 2018 to strengthen the relationship with alumni settled worldwide. AAGNDU has organized an annual alumni meet in 2015-2019. Due to the pandemic, the Alumni meets could not be held in 2020 and 2021. Instead, online meetings were organized in September 2020 and in May 2021 in which the executive members urged that efforts should be doubled to generate funding for the university through donations to the GNDU Alumni Society. The GNDU Alumni Society recently got itself registered under section 12A and donors to the society can avail tax benefits under section 80 G of the income tax act. The AAGNDU has also started the Alumni Life Membership Card scheme in 2020, under which University facilities such as a gym, guesthouse, and swimming pool are made available to the alumni at discounted rates.

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 - The institution has a clearly stated vision and mission which are reflected in its academic and administrative governance

Vision of the University

Guru Nanak Dev University was established to mark the 500th birth anniversary of Sri Guru Nanak Dev Ji. Since its inception, 'The University aspires to impart quality education beyond the confines of any form of disparity, become a harbinger of research excellence and innovation while continuously striving forward to be recognized as an exemplary global institution producing worldclass human capital and knowledge that empowers, enlightens and leads to societal betterment.

Mission Statement of the University

As such the mission of the University, as also reflected in its objectives and duties mentioned in The Guru Nanak Dev University Amritsar Act, 1969 which states; 1. To make provision for imparting education and for promoting research in the humanities, learned professions, sciences, especially of applied nature, technology, and such other branches of learning and courses of study as it may think fit. 2. To undertake study and research on the life and teachings of Guru Nanak Dev Ji and their cultural and religious impact in the context of Indian and world civilizations. 3. To promote Punjabi studies, culture, and literature and provide for its research and development. 4. To enable the spread of University Education among classes and communities which are educationally backward.

6.1.2 - The effective leadership is reflected in various institutional practices such as decentralization and participative management

GNDU has an exemplary administration set-up reflecting participative management and decentralization of powers. The highest administration body i.e. The Syndicate comprises of University and non-University members from other institutions and prominent civil society faces. The Senate of the University reflects the next level of decentralization and participatory composition comprising the Chancellor, Vice-Chancellor, select members from the State Legislative Assembly and other members. The Board of Control (BOC) of each Department is empowered to decide their local matters as per University rules. Syllabus and curriculum design are undertaken at the level of BOC, Board of Studies (BoS) and external Experts. At the apex is the University Academic Council, which has representation from all the

Faculties and external members from other institutions and industries. There are other various administrative offices related to academic and non-academic work, which symbolize decentralized management practices in the University. The students' involvement in administrative decisions regarding granting fee concessions and financial aids to the poor students, recommending library books, continuous students' feedback, and their regular interaction with the Vice-Chancellor on different matters is another example of participative management. The hostel maintenance and mess services and other student facilities on campus also have student members in the committees.

6.2 - Strategy Development and Deployment
6.2.1 - The institutional Strategic plan is effectively deployed
1. Academic Progression and Erudition: Annual academic plan of the University serves as the guide for implementing updated curriculums and introducing new programmes whereas Annual Academic Calendar helps in achieving academic targets. The University has established various centers and chairs and new departments have been added/proposed. 2. Efficient Governance and Financial Management: Public Finance Management Systems (PFMS) comprising of e-procurement and Government e-Market Place (GeM) have been implemented and 100% digital financial transactions are achieved. 3. Innovation, Collaboration, and Social Outreach: The UniversityIndustry Linkage Programme (UILP) and MoUs with eminent institutes (national and international) have facilitated collaborations, academic exchange, and placement opportunities. The University has adopted 5 villages to develop them as model villages. 4. Environmental Enrichment and Carbon Footprint Reduction: Implementation of ecological strategies on the Campus such as zero waste, zero carbon emissions, rain-water harvesting, grey-water recycling, and vehicle-free zones has been done. Various other initiatives are ongoing. 5. Public, Private, NGO, and Community Partnerships: The University has established partnerships with public and private sector institutions to explore the possibilities for job creation, intellectual support from academia to the public, and also with NGOs and communities that could ensure positive social and economic upliftment of the society.
6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.
The officers and staff are governed by the statutes and regulations of the University framed in consonance with the UGC regulations from time to time, assented by the Hon'ble Chancellor. Punjab State Civil Service Rules are followed in case of the absence of relevant statutes and regulations on any particular aspect. The statutes related to service rules, procedures, recruitment, and promotional policies, etc., are as per UGC norms. The videography of the interviews during selections and promotions ensures transparency. Performance Based Appraisal System (PBAS) is followed for the recruitment and promotion of the teaching and non-teaching staff. The grievances of the employees of the university are addressed through the grievance redressal committee. Awareness about various committees, appropriately represented by the respective representative from teaching, research, non-teaching, students, female gender, SC/ST, and also an NGO representative and a legal adviser, related to different aspects of teaching, non-teaching staff and students is created by circulating the notifications in different departments of the University. All these measures have led to the improvisation of governance and quality leadership and have thereby contributed to the optimal utilization of grants, digital monitoring of files, and progressive increase of the h-Index to 135.
6.2.3 - Institution Implements e-governance in its areas of operations

6.2.3.1 - e-governance is implemented covering following areas of operation **1. Administration** **2. Finance and Accounts** **3. Student Admission and Support** **4. Examination**	A. All of the above

6.3 - Faculty Empowerment Strategies
6.3.1 - The institution has a performance appraisal system, promotional avenues and effective welfare measures for teaching and non-teaching staff
The University follows the UGC guidelines for performance appraisal of the teachers for recruitment and promotion wherein direct recruitment for Assistant and Associate Professor is based on the Academic Performance Indicators (API) score obtained by the candidates. These proformas are available at http://iqac.gndu.ac.in/Pdf/teacher_promo.pdf. The University recruits its non-teaching staff through direct recruitment, by promotions/selection, and by appointment of employees borrowed from Government Departments and other institutions, as mentioned in Chapter II of Calendar IV of the University. The University follows the Reservation Policy of the State at the time of direct recruitment of non-teaching staff. The University has instituted many measures for the teaching and non-teaching staff as listed below: - Medical and Group Insurance.   - Financial assistance for national/international conferences for faculty members.   - Research board for encouraging faculty to apply for research projects.   - Grant of Study Leave in India and abroad.

- Sabbatical leave is provided for advancing research work as also for writing books.
- Recognition to the distinguished Faculty for winning awards and fellowships.
- Free medical, sports, and recreational facilities.
- Policy for appointment of kin for its deceased employee.
- Vehicle/education/house construction and other permissible loans.
- Health and fitness centers and open gyms.
- Uniform and annual wheat allowance for class IV employees

6.4 - Financial Management and Resource Mobilization

6.4.1 - Institutional strategies for mobilisation of funds and the optimal utilisation of resources

As the University is a State Government University, the main sources of funds are student fees and Grant in aid from State Government as per budgetary allocations. However, for meeting the requirements for research and teaching-learning resources, the University also mobilizes its resources through:

1. Grants from MHRD like RUSA, and PMMMNMTT scheme.

2. Funded projects from GoI like, Khelo India, MYAS, MSJE, National Sports Development Fund, HUDCO-CSR fund, and Botanical Survey of India.

3. Research projects from DST-FIST, SERB, PURSE, DBT, ICMR, ICSSR, etc.

4. Consultancy Services.

5. Income from various scientific analyses/tests.

6. Financial support from Alumni.

7. Leasing and renting out the infrastructure facilities.

8. Funds are generated from self-financing and vocational courses run by the University.

The University transparently utilizes its funds through a well-developed Public Financial Management System (PFMS). Adequate funds are allocated to various departments, the utilization of which is looked after by accounts and audit branch. Central Purchase Committee (CPC) ensures transparency in the purchase of various items. The expenditure and utilization statements are timely uploaded through PFMS portal along with progress reports. Grants received from UGC/GOI/NGOs or philanthropic organizations are earmarked for various activities and spent as per the guidelines of respective funding agency/University purchase rules/Punjab Financial Rules.

6.4.4 - Institution conducts internal and external financial audits regularly

The University has a multiple checks and balances system in place for its financial requisites, of which pre-auditing and

auditing are important components. A team of internal auditors in the Internal Finance Division (IFD) evaluate all financial aspects of the University. This simplifies the preparation of post-audit procedures at the planning stages and provides foresight of risk factors, improving internal procedures, administrative operations, risk control, and management.

Likewise, an external statutory audit is also carried out in an elaborative manner on regular basis by the Government Audit team deputed by the Local Audit Department (LAD), Punjab Government each year independently. Besides, any such expenditure involving payment from the grants received from the State Govt. and the UGC/MHRD, are audited by the Government LAD team and the audit team deputed by Auditor General (AG), Punjab.

6.5 - Internal Quality Assurance System
6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes by constantly reviewing the teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals

Internal Quality Assurance Cell (IQAC) was established in the University in 2009. It has been since, functioning to the best of its capabilities regarding the following:

1. Academic and administrative audit and gaps identified and presented in IQAC Advisory Committee.

2. Augmentation and use of MIS and sustaining quality and developing quality culture.

3. Development and application of quality benchmarks/parameters for various academic and administrative activities.

4. Facilitating the creation of a learner-centric environment and arrangement for feedback from various stakeholders.

5. Dissemination of information on various quality parameters of higher education.

6. Organization of inter and intra-institutional workshops, seminars on quality-related themes, and promotion of quality circles;

7. Acting as a nodal agency of the Institution for coordinating quality-related activities.

8. Preparation of the Annual Quality Assurance Report (AQAR) as per guidelines and parameters of NAAC, to be submitted to NAAC.

IQAC is actively involved in preparing the University's Annual Reports and AQAR along with filing data for NIRF and other rankings. IQAC highlights the key aspects requiring improvements in teaching and learning. The university authorities take appropriate actions based on these highlights and other suggestions.

6.5.2 - Institution has adopted the following for Quality assurance Academic Administrative Audit (AAA) and follow up action taken Conferences, Seminars, Workshops on quality conducted Collaborative quality initiatives with other institution(s) Orientation programme on quality issues for teachers and students Participation in NIRF Any other quality audit recognized by state, national or international agencies (ISO Certification, NBA)	A. 6.5.3 - Incremental improvements made for the preceding during the year 2021-22 with regard to quality (in case of first cycle) Post accreditation quality initiatives (second and subsequent cycles)

Based upon the 12 recommendations made by the Peer Team for the Third Cycle of Accreditation for Quality Enhancement, the following initiatives have been taken: E-filing and digital reviewing and monitoring system is established through various in-house ERP modules.

1. The financial procedure has been simplified for the PIs by introducing a public finance management portal.

2. Teachers are encouraged to undertake quality research regularly.

3. Computational Statistics and Data Analytics Department has been established.

4. Necessary approvals from various regulatory bodies for different programs, wherever required, are obtained except for its diagnostic laboratories.

5. A Grievance redressal cell is established and the Vice-chancellor also listens to the grievances of students regularly.

6. Alumni Association is strengthened and annual alumni meet is organized at the University.

7. Construction of handrails, ramps, etc., is an integral part of newly constructed buildings and the same has also been added in the old buildings depending upon the site suitability. Lifts have been installed in the administrative block and Girls' hostel.

8. Hostels have been connected with high-capacity electricity generators.

9. The toilets of the hostels, a few departments, and the administrative blocks have been renovated.

10. The University has established Committees to sensitize stakeholders about Bio-safety and Biomedical waste.

INSTITUTIONAL VALUES AND BEST PRACTICES
7.1 - Institutional Values and Social Responsibilities
7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year 2021-22
Adhering to the understanding of a solemn shift towards more evolved societies, the University follows a zero-tolerance policy and has religiously enforced The Sexual Harassment of Women at the Workplace (Prevention, Prohibition and Redressal) Act, 2013. Committees against Sexual Harassment have been constituted and workshops are conducted on gender sensitization and diversity management on an annual basis. Giving utmost priority to the security and safety of all residents and especially girl students, the University has a full-time Campus Security Cell with staff that mans all strategic locations within the campus. The University has installed CCTV cameras in all departments and the girls' hostels are well protected through 24-hour CCTV camera surveillance as well as female attendants and women night guards. A 24/7 mobile facility for women's security-related issues is operational. To celebrate womanhood, the University celebrates Gender-Specific Days and Events like International Women's Day on 8th March and the International Day of the Girl Child on 11th October. All Departments designate a female faculty member as Gender Champion and the University also offers the services of a Mental Health Counsellor who is trained to tackle gender-sensitive mental health issues and concerns.

7.1.2 - The Institution has facilities for alternate sources of energy and energy conservation (2021-22)	**A. Any 4 or All of the above**
Solar energy, Biogas plant, Wheeling to the Grid, Sensor-based energy conservation, Use of LED bulbs/ power-efficient equipment	

7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words)
Solid waste management
Liquid waste management
Biomedical waste management
E-waste management
Waste recycling system
Hazardous chemicals and radioactive waste management
The integrated solid waste management program has led to the campus's recognition as the second cleanest campus amongst Universities nationally. The biodegradable components are effectively recycled into ecological products while non-biodegradables are sourced to specialized industrial units.The University's liquid waste management model ensures the recycling of all wastewater for landscaping and other non-potable usages. For effective Bio-Medical Waste management, a collection agreement is in place with M/s Amritsar Enviro Care Pvt Ltd, Amritsar, a private firm. In addition, customized incinerators in the University Girls Hostels have been installed for sanitary napkins. The E-waste, amounting to an average of about 13 tonnes per annum is collected by recycling units wherein only authorized dismantlers/recyclers are given the contract to collect e-waste. In 2017, the Solid-Liquid Waste Management Centre was established to recycle waste as a resource. Biodegradable waste utilization is done by recycling organic waste material into usable products whereas dry waste is sorted at the SLRM center and sent to the recycling industry through private contractors. In sync with the Hazardous Waste Management Rules 2016, the University ensures that the storage and collection of toxic and other hazardous substances used for academic/ other purposes are done in compliance with the rules.

7.1.4 - Water conservation facilities available in the Institution:	**A. Any 4 or all of the above**
Rain water harvesting	
Bore well/Open well recharge	
Construction of tanks and bunds	
Waste water recycling	
Maintenance of water bodies and distribution system in the campus	

7.1.5 - Green campus initiatives include (2021-22)	
7.1.5.1 - The institutional initiatives for greening the campus are as follows: **1. Restricted entry of automobiles** **2. Use of bicycles/ Battery-powered vehicles** **3. Pedestrian-friendly pathways** **4. Ban on use of plastic** **5. Landscaping**	**A. Any 4 or all of the above**
7.1.6 - Quality audits on environment and energy are regularly undertaken by the institution	
7.1.6.1 - The institution's initiatives to preserve and improve the environment and harness energy are confirmed	

through the following:	
1. Green audit **2. Energy audit** **3. Environment audit** **4. Clean and green campus recognitions/ awards** **5. Beyond the campus environmental promotional activities**	**A. Any 4 or all of the above**
7.1.7 - The Institution has a disabled-friendly and barrier-free environment Ramps/lifts for easy access to classrooms and centres. Disabled-friendly washrooms **Signage including tactile path lights, display boards and signposts Assistive technology and facilities for persons with disabilities: accessible website, screen-reading software, mechanized equipment, etc. Provision for enquiry and information: Human assistance, reader, scribe, soft copies of reading materials, screen reading, etc.**	**A. Any 4 or all of the above**

7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e. tolerance and harmony towards cultural, regional, linguistic, communal, socio-economic and other diversities (within a maximum of 200 words)

The University emphasizes creating an academic environment where all ethnicities, religions, linguistic, and socio-cultural variations are respected. Academic Curriculum Initiatives: All students are required to study the compulsory inter-disciplinary subject of Human Rights and Constitutional Duties. Linguist Initiatives like online classes in Punjabi for the Punjab Diaspora and regional/foreign languages like Sanskrit, Urdu, French, German, and Persian are also taught. National and International Students Representation: The University has a pan-India representation of students who constitute a diverse mix of religions and cultural heterogeneities as also foreign students from sixteen nationalities and an International Student Cell to look after their interests. Cultural/Religious needs: The University has a Youth Welfare Department to develop cultural affinity. The NSS and NCC Units organize social harmony camps and there is a Gurdwara and a Temple on Campus. A coffee table book, 'Amritsar and Guru Nanak Dev University; The Contours of Inheritance' has been published. A book on Inter-Faith Studies was released to commemorate the 550th Birthday of Guru Nanak Dev Ji. Support Committees: Such as the anti-ragging committee, gender champion committee, etc to ensure that the University's objective of 'imparting education in an environment free of prejudice towards anyone' is not compromised.

7.1.9 - Sensitization of students and employees of the institution to constitutional obligations: values, rights, duties and responsibilities of citizens:

With a deep belief that 'someone else's right is my duty', the University has made enormous strides in ensuring that the constitutional obligations are embossed in the hearts and minds of the students and staff. A Handbook of Human Values and Professional Ethics has been prepared, the content of which is drawn from the constitution of the country. Another initiative is the introduction of the compulsory course, 'Human Rights and Constitutional Duties' that all students at the Bachelor and Masters Level must complete as a part of their degrees. All-important days as Independence Day (15th August), Republic Day (26th January), and Human Rights Day (10th December) are celebrated with fervor and zeal. Special blood donation drives are organized from time to time to sensitize the staff and students about the value of brotherhood and saving lives through selfless service. The NSS and the NCC Units are contributing through blood donation, tree plantation drives, cleanliness drives, and awareness forums against social issues. Another salient initiative is to organize special lectures and seminars throughout the academic year, the subject matter of which is related to upholding human and constitutional values. The 'Golden Expressions' outdoor congregation space symbolizes freedom of speech and expression.

7.1.10 - The Institution has a prescribed code of conduct for students, teachers, administrators and other staff and conducts periodic programmes in this regard. **The Code of Conduct is displayed on the website** **There is a committee to monitor adherence to the Code of Conduct** **Institution organizes professional ethics programmes for students, teachers, administrators and other staff** **Annual awareness programmes on Code of Conduct are organized**	**All of the above**

7.1.11 - Institution celebrates / organizes national and international commemorative days, events and festivals

The University follows the practice of celebrating festivals and organizing national and international commemorative

days to empower its students and employees with ethos and values. Cultural Festivals: National and Regional cultural festivals like Diwali, Holi, Lohri, Baisakhi, and Teej are celebrated with ample student participation. The student activity clubs take the lead in celebrating events through talks, cultural evenings, and interactions that bring students from diverse cultural backgrounds together. The University had the privilege to organize the 35th North Zone Inter-University Youth Festival in 2019. Jashan is a three-day inter-departmental cultural and sports activity festival that is celebrated annually. Departmental Fairs and Events: Several University Departments organize their own cultural and technology-based events on an annual basis. For instance, The Department of Electronics Technology organizes its annual TechFest called 'TACHYON'. A three-day event by the name 'NAYAAB' is organized by the Department of Lifelong Learning. Also, Alumni events are organized on an annual basis which brings together passed-out alumni from India and overseas to their alma mater. Commemoration of National and International Days: The University commemorates important national and international days with events such as memorial lectures, seminars, cultural displays, and exhibitions.

7.2 - Best Practices

7.2.1 - Describe one best practice successfully implemented by the Institution as per NAAC format provided in the Manual (2021-22)

GNDU has become a net zero waste-green campus by adopting the 3R principle and innovative green techniques/technologies in integrated solid waste management, liquid waste management, bio-medical waste management, rainwater harvesting, and water conservation, solar energy harnessing, green mobility, and e-waste management as per the PPCB guidelines. The plantation of about 50,000 trees, shrubs, and plants of different species has modeled GNDU as a green campus. Its integrated solid waste management program has led to a major landfill diversion to make it the second cleanest state university in India. University's liquid waste management model ensures the use of its recycled wastewater for irrigation of its botanical garden, thus saving thousands of gallons of water. Its Health Centre has an agreement with PPCBapproved M/s Amritsar Enviro Care Pvt. Ltd., Amritsar to collect properly sealed and labeled bags/containers of bio-medical waste. The customized incinerators in the Girls' Hostels have been installed for sanitary napkins. Its E-waste is collected by authorized dismantlers/recyclers. The introduction of e-vehicles and the promotion of walkability are landmark initiatives for green mobility. Installation of rooftop solar panels, solar water heaters, and energy-efficient LED light sources has reduced conventional power consumption by 5% annually.

7.3 - Institutional Distinctiveness

7.3.1 - Highlight the performance of the institution in an area distinct to its priority and thrust (within a maximum of 200 words) (2021-22)

The University is engaged in translational research and consultancy to ensure its dissemination and application for societal and clinical benefits. Applied and translational research is undertaken to improve clinical care and health. Innovative strategies for prevention, early diagnosis, and treatment of diseases are developed by effectively utilizing the University's academic excellence and infrastructure through collaboration with public and private institutions. The concept of "From Laboratory Bench-To bedside-To Community" is adopted to impact grassroots development targeting societal problems. The faculty of Physical Planning and Architecture has been a pioneer in the region and country for providing consultancy-based environment-friendly design solutions to government and non-government agencies. Department of Biotechnology has developed new approaches for plant propagation and its improvement in terms of conservation of genetic resources, creation of variability, and increased productivity to produce plants with desired genetic characteristics and productivity. Life Sciences and Science departments are involved in developing natural and synthetic drug molecules and their innovative novel drug delivery formulations with good therapeutic potential, especially in areas of life-threatening diseases. These activities offer academic and research possibilities for quality-based skill enhancement to equip the students effectively for pertinent professional accomplishments.

7.3.2 - Plan of action for the next academic year

The University proposes a radical shift to bring the Sustainability Development Goals (SDGs) and the contents of the new National Education Policy to its center stage through the five-tiered approach:

1. Academic Progression and Erudition: The University shall update existing curriculums and introduce new programmes to ensure that the academic content matches international standards.

2. Efficient Governance and Financial Management: With digitization at the heart of its e-governance reforms, the University shall strive to further reduce dependency on paper and manual mechanisms of governance and administration.

3. Innovation, Collaboration, and Social outreach: The University shall roll out requisite reforms for promoting initiatives such as the University-Industry Linkage Programme (UILP) as also facilitate the growth of collaborations and placement opportunities for the students through MoUs, etc. Extension programs for social outreach in the rural heartlands especially shall be developed and implemented.

4. Environmental enrichment and carbon footprint reduction: The University shall further its goal of contributing to environmental enrichment through its landscape and other strategies such as zero waste, grey-water recycling, vehicle-free zones, etc.

5. Public, private, NGO, and community partnerships: Meaningful partnerships for job creation, to ensure positive social and economic upliftment of the society shall be forged.
